### THE WAY TO BUY THE BEST FOR THE MONEY, is to buy at the Office

FOR THE MONEY, is to buy at the Office. It saves expense of commission and expense in traveling from house to house.— You can just as well save above expenses as you can in buying your dry goods.

When you buy a Domestic or New Home you get the best. All other makes called New High Arm machines are imitations, and none are their peers. The Domestic and New Home have new styles of woodwork, and new sets of Attachments that others dare not use. Come and see for yourselves and you will be convinced that the above is reliable, and if you have a homeatic or New Home that has been in use from 10 to 20 years do not let them humbug you with their so-called new high arm machines, and trade you out of it, which they will try to do, but bring your machines to me and I will put in the new Domestic or New Home Improvements, then you will have a better machine and one that will last longer than the high arm imitation ones, and save your money and have the best machine in the world.

### AYER'S Hair Vigor

outh, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured. It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures sourf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the Vigor is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and impurts a delicate, agreeable, and lasting perfume.

MR. C. P. BRICHER writes from Kirby, O., July 3, 1882: "Last fall my hair commenced falling out, and in a short time I became nearly build. I used part of a bottle of Aver's Hark Vigor, which stopped the failing of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely baild."

J. W. Bowen, proprietor of the McArthur (Ohio) Enquirer, says: "AYER'S HAIR VIGOR is a most excellent preparation for the lair, I speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The Vigor is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

MR. ANGUS FAIRBAIRN, leader of the celebrated "Fairbairn Faucily" of Scorish Vocalists, writes from Boston, Mass., Feb. 6, 1880. "Ever since my hair began to give silvery evidence of the change which fleeting time procureth, I have used AVER'S HAIR VIGOR, and so have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public." MRS. O. A. PRESCOTT, writing from 18 Mms. St., Charlestown, Mass., April 14, 1882, says: "Two years ago about two-thirds of my hair same off. It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR YGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. I has continued to grow, and is now as good as before it fell. I regularly used but one bottly of the Ytgor, but now use it occasionally as a dressing."

(Continued from last west.) How Watch Cases are Made

This process of manufacture was invented by James Boss, who started in business in 1854 and the methods and tools used in making these watch cases are covered by patents. This is the only watch case made under this process. For many years the introduction of these goods was slow, owing te popular prejudice against "plated" goods, but gradually the public learned that the James Boss' Gold Watch Cass was not a but was made of genuine gold plates of standard quality and thickness. Conscientions the best watch case ever put on the market, and the adoption of every improven suggested, has made the James Bose Gold Watch Case the STANDARD. most subject to wear—the bow, aroun, hingen, thumb-outshos, etc., are made of solin GOLD.
